Features & Benefits

- **Service Your Students - Support Your Staff--Manage Your Board**
From yearly planning to day-to day functionality, EDGE4 organizes data from your SMS into easy-to-read reports and workflow processes. Save time, improve efficiency and meet the needs of your students and staff!
- **Reporting & Analysis at your fingertips** - School & Board-wide
Extend the functionality of your SMS and build on your own data. From individual School Profiles to system-wide aggregate reports, see at a glance your student information and staff resources. Login and view data or print PDF reports. Accurate, up-to-date tracking—day to day, year to year!
- **Built-In-Workflow Processes**
Facilitate and automate daily processes—quickly book Specialized Transportation, Field Trips, or complete IEP reports. Reduce administrative time and paperwork — Increase staff accountability and efficiency!
- **Modules Support Ministry Guidelines**
As an example, EDGE4's IEP module contains all the standard categories you need to complete and meet Ministry requirements.
- **Online, Secure platform connects data, users and daily routines**
Password-protected modules enable or restrict data, based on staff roles. From Teachers to School and Board Administrators to Community Partners, EDGE4 connects everyone centrally, while adhering to confidentiality and privacy regulations.
